## About Al- Farabi Kazakh National University

Al-Farabi Kazakh National University, Almaty was founded in the year 1934. It is one of the recognized universities, Situated in Almaty, Kazakhstan. Al-Farabi Kazakh National University

Kazakhstan is one of the leading Medical Colleges in Kazakhstan. The University is also known as KAZNU Kazakhstan.

Al-Farabi Kazakh National University has the largest campus in Kazakhstan with an area of 100 hectares, in one of the most beautiful areas of Almaty. The education infrastructure of the

campus consists of 13 education buildings with a total area of 165,000 m<sup>2</sup> and scientific laboratories with a total area of 18,940 m<sup>2</sup>

In 2001, the government classified it as a “national” university. More than 20,000 students, post-graduates and PhD students study at KazNU Almaty, and there are more than 2500 faculty members

working at KazNU, including 400 doctors of science, professors and more than 800 candidates of science and associate professors.

The college provides a good ratio of well trained and highly educated faculty members equipped with all the modern technology. It also

provides sufficient numbers of non-technical staffs to provide an ambience of self-learning to the students. The college is committed to uplift the health care education and output delivery system for the people of the country.

The faculty of medicine and health protection is based on international standards and has attained new scientific achievements. The department further carries out the medical training of its personals present at all the levels such as post graduates and under graduate's levels.

There are many advantages the university provides to the international students. The great advantages play a very important role in attracting more and more students every year. Along with theory the focus is on practical studies. This helps in enhancing the medical studies in student.
